OBJECTIVE

To gain a position where an organization or company uses my interpersonal and technical skills effectively. In a professional setting I strive to always do my best and to further my own knowledge and skills but also further the company's desires and standing in the broader community.

SKILLS

Interpersonal Skills

- Independent worker
 - Able to work independently without the help of others to solve problems effectively
- Team Player/cooperative
 - Able to work comfortably with others in group activities to accomplish goals
- Adaptable
 - Able to adapt to the surroundings and help others who require assistance
 - Also able to help fill in at different jobs to accomplish the overall goal
- Self-motivated
 - Capable of motivating myself and others around me to better complete desired goals and task

Technical/Computer Skills

- Programming Skills
 - Java, C++, C can program basic and complex programs to solve problems
- Website Design Skills
 - Javascript, html, CSS, SQL have experience with creating online websites and portfolios
