OBJECTIVE

To gain a position where an organization or company uses my interpersonal and technical skills effectively. In a professional setting I strive to always do my best and to further my own knowledge and skills but also further the company's desires and standing in the broader community.

EDUCATION

Bachelor of Computer Science | Carleton University
09/2015 – 04/2020

EXPERIENCE

Warehouse Associate | Neovia Logistics
06/2019 – 09/2019
Worked as a team to perform various warehouse duties such as: order picking, RF scanning, pack sorting, loading

General Worker | Punjab TentHouse
09/2015 – 04/2018
As teams of 3-5 worked to load/unload equipment and install/uninstall tents at client location. Occasionally helped with receipts for the client

TECHNICAL SKILLS

- Java, C++, C, JavaScript, HTML, CSS, Python, Haskell, SQL
- MS Visual Studio, Eclipse, Android Studio, Github Version Control

- MongoDB, relational databases
- Linux(ubuntu) OS
- Familiarity with the Software Development Lifecycle

INTERPERSONAL SKILLS

- Self-motivated
- Strong written/verbal communicator
- Dependable

- Independent Worker
- Team Player
- Passionate
